Mr. Krzysztof Duszkievicz

Several Calls/Enhancement-Suggestions opened at Siemens PLM GTAC for Teamcenter “refile”-utility.

8 NXCheckBox-Enhancements

Mr. Bernd Schieber

Mr. Josef Feuerstein

Advance Model Comparison between 2 Partfiles – e. g. before and after “refile”. Intensive Discussion about “Needs” and “Wants”, also Discussion “is it helpful to compare a Model or (extracted) Geometry between 2 NX-Versions?”

9 CheckBox ongoing

Mr. Bernd Schieber

Mr. Josef Feuerstein

Mr. Schieber actual is member of „Vertical“ Automotive, CheckBox-Members were “Vertical” Machinery. Discussion about transferring the Checkbox to other responsibility, e. g. to make a local Product of Siemens PLM.

Mr. Schieber evaluates this Topic with Mr. Englert, Siemens PLM within about next 4 weeks.

A new Member joined the CheckBox-Group:

FEI Company
TOOLS FOR NANOTECH
Mr. Paul Reijnders
Achtseweg Noord 5
5600 KA Eindhoven

Website: <http://www.fei.com>

Mr. Feuerstein asked the Participants for pay another Consulting-Day per Member, so the Enhancements and potential Transition to make CheckBox to local Siemens PLM-Product can prepared. All attendee's signaled an additional Day.

In consideration of the future of the CheckBox-Project, the additional Day is only relevant, if the current Member will be freed from maintenance-fee, if the Software become a local Siemens PLM Product.

REMARK FROM GROZ-BECKERT: the CheckBox-Members, which weren't present at the meeting this week, should be asked too for the payment above.

10 Next CheckBox-Meeting

All Participants

Next Meeting will be in 2016 or 2017, depending on the decision of CheckBox ongoing. After clarify the permissions it would be at Trelleborg Vibracoustic, Weinheim.
