

0002 - PartUpdate ISSUE Classification Err. Codes + Messages

#LUp: 13.08.2024 Anton + Josef Source: "95-#Custom#_#PrjShort#_ToDoListe_PLMJobManager.xlsx" Tab Refile-Errorcodes

Err Code	add to list	TC	NX	Message	Info / Reason	to do
-999001	~12/2010		X	Failed identifying part to refile	Issue happened if part is assigned to multiple TC Revisions	try Refile Via (only after consultation with the customer) -structure_sync=from_ug
-4	01/2011	X		File already exists TC 940237 "Eine neuere Version dieses Datensatzes wurden seit dessen Laden erzeugt"	Problem handling dataset version sequence	
11			X	Internal error: memory access violation	Problem in Part	open part check it and try to save it If nothing happend process feature replay
580134	~12/2010		X	Attempt to save bad pointer, save aborted	Problem in Part	open part check it and try to save it If nothing happend process feature replay
590007	~12/2010	?	?	An illegal file was given to the tag system.		
600008	~12/2010		X	There is an object which depends on itself	circular references	
640010	~12/2010	X		Object Checked out	Part is checked out	check in and refile again
641027			X	Attempt to load a cyclic assembly structure	circular references in assembly structure	
641032	31.12.2010		X	Part is not a valid version of component part	NX Object ID do not fit to the loadet part in the assembly	- Check load option - check if you can use Load_options: LoadOptions_LoadSubstitution: allow_substitution
641091	~12/2010		X	Not saving part family member		
670024	~12/2010		X	Update undo happend	Issue in Model	open part process feature replay
820928	~12/2010		X	Modeler error: failed to open file	Issue in Model	
820947	~12/2010		X	Modeler error: non fatal run-time error		
920001	~12/2010	X		+++ Return code 920001 found in PDI interface function PDI_ask_attr_mapping_v2_info		
920007	~12/2010	X		+++ Return code 920007 found in PDI interface function PDI_ask_part_tag		
920007	~12/2010	X		Unable to access the Teamcenter server - please restart NX to reconnect.	Problem during refile with connection to database.	Do refile part with 1 Object in the packet and check result. Do not PUT IRS of same Item into the packets (new 21.09.2012)
920007	~12/2010	X		Part file has been changed in the database since you opened it.	during refile an other process has save the part.	Do refile part with 1 Object in the packet and check result.
920007	13.02.2011	X		Teamcenter Error: The session is in read-only mode because of the absence of session record in the database.		
940005	~12/2010	X		Unable to revise part file in database. (You may not be authorised to do this.)	- no write access to volume - volume full - Dataset do not contain UGPART in Named References	change protection for refile user
940034		X		An error occurred while trying to validate a database attribute.	Problem with attributes in tc config	check Tc settings Teamcenter preverences and Teamcenter extension rules.
940053	~12/2010	X		An error occurred while calling an FCC Proxy function	Part do not exist on volume!	chross check it via named references
1520003	~12/2010		X	Curve is not conical.		
	07.02.2011		X	Error attempt to follow a link to other Site remote Site (K.Baumgartner)	occurs when datasets or part files refer to remote sites (see Dataset and named reference files Object OwningSite)	
1525198	23.05.2011		X	Routing: Neither endpoint of segment near RCP	occurs in version NX7.5.2.3 with Rf with - convert_mcs. Used is	
940241	20.04.2012		X	The dataset has been locked by another user	Part is checketed out (new since NX80)	check in and refile again
580039	01.07.2012			A deleted or invalid class id was used	??	
940209	04.11.2012	X	X	TC9. + NX8.03 +++ Runtime exception in SOA client : Cannot construct an ModelObject for BOM::68995. The type BOMLine does not exist in the Client Meta Model.	happens during the save open	JC start Start /I ..
940223	04.11.2012	X	X	TC8.3 + NX8.03 +++ Property not loaded in object of type class UGS::PDM::Model::CDM::File j6KhGQb\$RkmoAB : The original_file_name property is not loaded in the client model.	Happens when the save is open	#New: Info 10.02.2013 / K.S - possibly use TestAttrMapping - set UGII_DEFAULT_DATE_ATTRIBUTE_DISPLAY_FORMAT=%%d.%%m.%%Y - see SFB-NX-6866.pdf
	05.11.2012			Null tag not allowed		- del. Dim ??
940029	23.02.2015	X		No write access to part revision.	during refile replica	
	23.04.2015	x		invalid parameter passed to system or STL function	Issue: did appeare during mcs_convert on	Replica Assembly after Importing missing Ir/Datasets issue was solved

13.08.2024
